NEW AND IMPROVED CLOSET PANS.

Patent Valve.

STEPHEN GREEN AND CO.

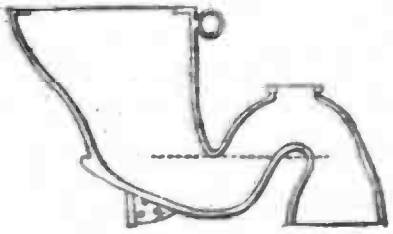
IMPERIAL POTTERIES, LAMBETH.

These Pans will be found to combine all the latest improvements, with the advantage of having a larger water surface than any other kind of trapped Pan, by which arrangement the sides are kept perfectly clean. The trap is not larger than usual, and has the smallest diameter at the bottom of the Pan, ensuring no lodgment that anything passing the neck cannot possibly stop or clog the drain.

Manufactured in superior double-glazed Stoneware, white and smooth inside, at the SAME PRICE AS THE COMMON PAN.

If with Patent Valve, 1s. 6d. extra.

MANUFACTURERS OF THE PATENT SYPHON FLUSHING-BASIN, AND IMPROVED DRAIN PIPES.



50 PER CENT. is SAVED in PLUMBERS' WORK by the use of

JENNINGS'S INDIA-RUBBER TUBE WATER CLOSETS.

They require no service-box valve, siphon, ball lever, cranks, or other fittings (no copper pan or brass valve to chamber), they discharge no impure air; in action they are noiseless. Enclosures of the highest order can be furnished to large public works, and testimonials from many private individuals can be seen on application to the Patentees.

JENNINGS'S LAVATORIES for ASYLUMS and HOSPITALS have been much approved, the seats all being self closing cannot be left running.

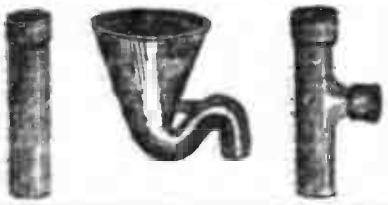
GEORGE JENNINGS has had some large basins made to his patent and adapted for his self closing Cocks, hot, cold, and waste, by Messrs. Wedgwood and Co. They are well suited for the dressing-rooms of the nobility but being inexpensive they come within the reach of all classes. They may be seen in use at the Society. These self closing supply Cocks have been well tested; they are in use at the West Derby Asylum, New Wiltshire Asylum, St. Luke's Hospital, Guy's Hospital, at the establishment of Messrs. Hancock and Reeves, St. Paul's Churchyard, &c. &c. and in the public urinals.

JENNINGS'S INDIA-RUBBER TUBE BALL and other VALVES for ALL purposes, as now manufactured, will be found by Architects most simple and durable.

For descriptive drawings, references, &c. apply to GEORGE JENNINGS, General Brass Founder, 36, Great Charlotte-street, Blackfriars-road.

GREAT REDUCTION in PRICES.

GLAZED STONEWARE DRAIN PIPES.



DAVID MOUNTAGUE (late Turner and Mountague), Leach Pottery, near Southend, Essex, now offer to the public Glazed Stone Ware Drain Pipes of the best quality at the following reduced prices:—

Straight Tubes with Socket Joints, in 2-feet lengths.

3 in.	3 in.	4 in.	6 in.	9 in.	12 in.	15 in.	18 in.
1d.	2½d.	4d.	6d.	10d.	1s. 4d.	2s. 8d.	3s. 8d. per foot

Closet pans 6s. each; Traps 8s.; Bends, Junctions, Pillars, Jars, Sattles, Channels, &c. &c. at reduced prices in proportion. A discount on the above prices dependent on quantity and mode of payment. Orders received at and executed from his Wharfs, Palace Wharf, No. 2, Bankside, Blackfriars; Harrow-bridge Wharf, Stratford, Essex; and at his Cement Works, Orchard-house, Southwell.

JOHN DOULTON, JUN.

ST. HELEN'S, LANCASHIRE.

The most economical and efficient system of drainage is formed with

DOULTON'S STONE-WARE PIPES.

Customers are to their opportunity have been received from the Borough Engineers of Liverpool, Glasgow, and other cities.

FIRE-CLAY FLUE PIPES,
TERRA COTTA CHIMNEY TOPS, &c. &c.
WAREHOUSE, 78, SOHO-STREET, LIVERPOOL.

SUPERIOR GLAZED STONEWARE DRAIN PIPES,

invented and manufactured by

WILLIAM NORTHEN, UNION POTTERY, No. 14, VAUXHALL-WALK, LAMBETH.

W. NORTHEN begs to inform surveyors, contractors, builders, water companies, &c. that he has introduced "Spencer's" new patent machinery for making GLAZED STONEWARE DRAIN PIPES, JUNCTIONS, BENDS, ELBOWS, SYPHON-TRAPS, &c. &c. Amongst the many advantages of pipes made by this machinery over all others may be mentioned, that it insures perfect uniformity in form and size, both of pipes and sockets, the latter being of a different and better construction than any others now in use; and the pipes and sockets being made by one process are square, thus preventing.

W. N. invites particular attention to the superior quality of the glaze used in his manufacture, which is equal to glass, and renders it impervious in the drains immediately.

NORTHEN'S PIPES MAY BE INSPECTED AT THE FOLLOWING PLACES, WHERE ORDERS ARE RECEIVED:—

Bankside and Co.'s Wharfs; Knowland, Blackfriars, and Millbank—Martin and Woodly Hanbut Wharf, Regent's-park Basin.—J. C. Hillman, Crown and Horse-shoe Wharf, No. 6, Queen Thomas-street.—W. Peters's North Wharf, Paddington.—C. Blackborough, South Wharf, ditto.—G. Keith's, Cambridge Mouth Wharf, Hackney.—W. Parry's, Canal Bridge, Old Ford.—Millward and Co. Wharf, Kensington Basin, and Cross Wharf, Hammersmith.—J. Corbett's Depôt, Sutton-street, Chelsea; and at the Pottery.

ROBSON and SON'S IMPROVED WHEEL TIRE,

for lessening the draught of Vehicles, and reducing the friction upon the axles. Wheelwrights and Hoop Tyremakers having registered an Improved Iron rebate to measurement by a process recently patronised, are prepared to tire wheels with the above iron, which has many advantages over that flat tire, as the strain is removed from the front and back edges to the centre, thereby decreasing the draught greatly, as each part with its inch tire and under.—N.B. Old wheels can be new fitted with the above iron.—Lists of prices may be had on application at the Factory, Leopard-yard, and Layzall-street, Coopers-hill, Holborn, London.

REDUCTION of PRICE in UNGLAZED DRAIN PIPES.

Manufactured by CHAS. FRANCIS and SONS, FLUE FLUS.

The prices in future will be,

6s. 6d.	per foot for the 3 inch bore.	
8s. 3d.	"	4 "
9s. 6d.	"	5 "
11s. 6d.	"	6 "
14s. 6d.	"	8 "
18s. 6d.	"	10 "

These pipes are made under steam pressure, and burnt to great hardness, and are capable of bearing nearly double the hydraulic pressure of ordinary glazed pipes. The projection against rodders is overcome by this manufacture. And it is well known that good earthenware, UNGLAZED, is the oldest material discovered in a perfect state in Rome, Babylon, Pompeii, &c. &c.

Agent for Southampton, R. L. FLUDER, American Wharf.

PRIZE MEDAL AWARDED TO PEAKE'S TERRO-METALLIC TILES, PIPES, &c.

ILLUSTRATED TRADE LISTS, containing much information useful for reference, also specimens of testimonials respecting a MATERIAL which, when well wrought, is peculiarly supported on every other for drains or conduits, for ridges, hips, valleys, and every part of roofs, for plain or ornamental tiles, for paving and consolidating of a strong and durable nature, also many other purposes, supplied genuine by THOMAS PEAKE, proprietor of Peake's Terro-Metallic, No. 4 WHARF, CITY ROAD BASIN, LONDON, and at THE TILERIES, TUNSTALL, STAFFORDSHIRE. The lists contain both prices by number, and approximate cost by measure. It is submitted that letters to principal and chief Staffordshire or London prices are wanted. Specimens were at the GREAT EXHIBITION, Class 27, No. 120 (having been at first No. 313).

WILLIAM NORTHEN'S WHITE ENAMELLED STONEWARE,

UNION POTTERY, 14, VAUXHALL-WALK, LAMBETH, LONDON.

W. N. solicits an inspection of his IMPROVED WHITE ENAMELLED STONEWARE CLOSET PANS, being an entire new description of stoneware, perfectly vitrified and highly glazed, far surpassing anything of the kind yet offered to the public.

SAME PRICE AS BROWN STONEWARE—7s. 6d. Pan and Trap. WITH BLUE INSIDE, ENAMEL, 1s. extra.

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES, BENDS, JUNCTIONS, TRAPS, &c. &c. HIGH STREET, LAMBETH, LONDON. Established 1751.

Water Closet Traps, with Syphon Traps, 7s. 6d. each.

STRAIGHT TUBES, in Socket Joints, in 2 feet lengths.

N.B. These are made without the disadvantage of being turned downwards.

The great advantages attending the use of these articles are now so generally understood, as to render any description of them almost superfluous. Their cheapness, efficiency, and durability, are universally admitted; while the rapidly increasing demand for them proves their increasing superiority over every other kind hitherto before the public for similar purposes.

Impressed is invited to an immense stock of Drain Tubes, of every form and size, adapted to the various situations for which they may be required; as also to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and the better glass, for surpassing any other manufactured at Brown House Ware.

May be had also at Messrs. GLADDISH'S LIME WHARFS, Pedlar's-acre, Westminster-bridge; Cheyne Wharf, City Basin, Duck-head, Bermondsey; Isaacson's Wharf, foot of Hammersmith-bridge; Evans' Wharf, Kingsland; Camden New Town; J. TURNER, 3 South Wharf, Praed-street, Paddington; and at J. COLWILL, and Co.'s, 82, Bayham-street, Camden-town.

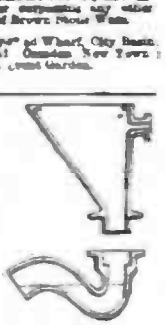
Drawings and List of Prices will be forwarded free, on application.

DOULTON AND WATTS'S

REGISTERED CLOSET PANS IN

ENAMELLED STONE WARE,

LAMBETH POTTERY, LONDON.



These Closet Pans are manufactured in a new kind of stone ware, HIGHLY GLAZED, vitreous, of a light colour, are much improved in form, and are used and recommended by the engineers connected with the General Board of Health.

The Traps are smaller at the inlet, gradually enlarging towards the outlet, as a security against the introduction of improper substances into the drain.

They may also be had turned down.

PRICE 7s. 6d. EACH,

The same as for ordinary stone ware, and may be had fitted with copper pans of the best construction at 1s. 3d. each extra.

HENRY DOULTON and CO.'S DRAIN PIPES in GLAZED STONE WARE.

OFFICES—HIGH-STREET, LAMBETH, LONDON, and Gunpowder-street Wharf, Broad-street, Birmingham.
